### MONARCHS HURRY TO VIENNA FOR ROYAL FUNERAL

Capitals of Central Powers in Mourning for Austrian Emperor; French Comment is Merciless

### NEW RULER IS YOUNG MAN OF 29, ARCHDUKE CHARLES

Official Announcement of Death Awaited in Washington and Honolulu

(Further news of Emperor Franz Josef's death published on page 9 today.)

(Associated Press by Federal Wireless.)  
LONDON, Eng., Nov. 22.—Monarchs of the Central Powers will gather in Vienna for the state funeral of the aged Emperor Franz Josef, who died last night.

King William and King Ferdinand of Bulgaria are expected to arrive in Vienna tomorrow.

The death of the emperor is reported to have caused notable emotion in Vienna, where he was highly esteemed by the people.

The Kaiser was informed of the death by long-distance telephone.

A Vienna despatch today says that death was caused by an attack of pneumonia.

Nothing has yet been decided as to the accession of the heir to the throne.

PARIS, France, Nov. 22.—Special issues of the French newspapers were published today, with merciless comment upon the late emperor of Austria. He is styled "a sinister old man, one of calculating cowardice and ferocious egotism."

It is not believed here that his death will have any effect on the course of the war.

WASHINGTON, D. C., Nov. 22.—Condolence by the government of the United States on the death of the Austrian emperor is ready for despatch to Vienna, awaiting official announcement of the death.

Congratulations to the new ruler, Archduke Charles, will not be sent until official news of his accession to the throne of the Dual Monarchy.

## New Austrian Ruler 29; Three Children

The heir to the throne of Austria and Hungary is the Archduke Charles, born in 1887. He is the son of the Archduke Otto, who was the son of Archduke Charles Louis, second brother of the late emperor. Therefore the new ruler is the grand-nephew of Franz Josef.

Archduke Otto, nephew of the late emperor, was born in 1865 and died in 1906. He married the Princess Maria of Saxony.

Archduke Charles, their son and the heir to the throne in the tangled Hapsburg succession, married in 1911 the Princess Zita of Parma. They have three children—Francis Otto, born 1912; Adelaide-Marie, born 1914, and Robert Charles Ludwig, born 1917.

The right of succession to the throne passed to the emperor's second brother, Archduke Charles Louis, when the crown prince died by suicide in 1909 and when the first brother, the ill-fated Emperor Maximilian of Mexico, died without issue.

The successor to the late emperor is therefore the Archduke Charles (or Karl) Franz Josef, to give him his full name, who is 29 years of age.

## OFFICIAL NOTIFICATION IS AWAITED IN HONOLULU

Herman P. F. Schultze, Austro-Hungarian consul in Honolulu, said this afternoon that he had not yet received official confirmation from the Austro-Hungarian embassy at Washington, D. C., of the press reports of Emperor Franz Josef's death, and said there would be no official observance here of the demise until formal notification came from the embassy.

"We can lower no flags nor observe the report of the death in any way," he says, "until we are told to do so. Government officials here of the various countries will probably do no honors to the late sovereign or send messages until they may follow our lead."

Schultze sent a message to the Washington embassy this morning asking if the newspaper report of the death were true, but at 1:30 this afternoon had received no answer.

Territorial and municipal officials and other members of the consular corps also await official advices.

Rush orders have been placed in Pittsburgh for steel to complete a new span in the Quebec Bridge to replace the one which recently fell into the St. Lawrence river.

## PASTOR DEMANDS 'VICE WARRANT' IN KALIHU CASE

Rev. C. H. McVey Center of Verbal Storm When He Visits Police Station

### SAYS OFFICIALS SLOW, NOT ANXIOUS TO ACT

Rowdiness Yesterday Afternoon Part of "Intolerable Condition" for Months Past

Demanding the issuance of a warrant for the arrest of inmates in what he declares is a disorderly house in Kalihi, Rev. Charles H. McVey, pastor of Kalihi Union church, figured in a tense and exciting scene in police court this morning.

After repeated demands on police authorities, starting with Judge Monarrat, he finally succeeded in getting a "John Doe" warrant issued on which a Hawaiian, M. Manini, was arrested early this afternoon and was still held when the Star-Bulletin went to press.

McVey says he was first refused the warrant, was put off by Deputy City Attorney Chillingworth, and had an exchange of words with Captain of Detectives McDuffie so heated that bystanders thought the two men might come to blows.

McDuffie accused McVey of declaring that the police department is rottenly incompetent in handling vice in Honolulu, and McVey answered that he had said so and stood ready to prove his words.

The pastor, who is a strapping big fellow, an athlete, a former policeman, a former secret service man and a militant churchman, said this morning that the verbal battle this morning, and the friction which arose over the issuance of the warrant, came as a result of vice conditions in Kalihi which for six months to his personal knowledge have been growing worse.

"Not only one but several houses of ill-fame are operating in this district," he said after the warrant had finally been issued and he was questioned as to the exchange of angry words between himself, McDuffie and Chillingworth.

"I have protested again and again to the police authorities, telephoning

## CONGESTION ON WATERFRONT IS TO BE RELIEVED

Harbor Master Tells of Plans Made to Give Berthing Room For All

First authoritative announcement of the board of harbor commissioners' plans to relieve the pier congestion in the port of Honolulu was made public today by Capt. William R. Foster, the harbor master, who was authorized by the harbor board to give out a statement telling what will be done.

"We will move the refugee German merchant steamer Pommeren to Pier 8 as soon as the fender system is in, which will be in about a month," said Capt. Foster. "This will give us another berth, at the Ewa side of Pier 7, the Pommeren's present location."

"Oceanic boats will be taken care of at Pier 6."

The Hill liner Great Northern will dock at Pier 6 as often as possible. At present this pier will be clear for her up to the middle of January. What berth will be given her after that date, when Oceanic boats arrive the same day as the Great Northern, we have not yet definitely decided.

"Oceanic up boats, from Australia, will use Pier 6, irrespective of anything else. Oceanic down boats, from San Francisco, which have very little freight for Honolulu, if they conflict with other steamers, will go either to Pier 7 or Pier 15, the latter pier being always free on Mondays, when Oceanic boats from San Francisco arrive."

"Army transports, when we cannot give them a berth at territorial piers, will be taken care of at the navy wharf. We will make every effort to berth them at territorial piers, however."

"Toyo Kisen Kaisha liners and the Canadian-Australasian steamers will go to Pier 7, as we will have two berths available there after we move the Pommeren away."

"Pier 15 will be for the exclusive use of Matson steamers until different arrangements are made."

Although Capt. Foster would not go into detail as to what is meant by "different arrangements," it is com-

### SECRETARY OF STATE OF CALIFORNIA THREATENS TO BRING ABOUT SERIOUS SITUATION IF ERRORS NOT CORRECTED

(Associated Press Service by Federal Wireless.)  
SACRAMENTO, Cal., Nov. 22.—Secretary of State Jordan predicts that unless certain mistakes and omissions discovered in the returns of Yuba and Orange counties be corrected he will withhold certificates of election from the presidential electors of California. This will mean delay and a serious situation, possibly affecting the reelection of President Wilson if it is depending on the electoral vote.

The statistics being gathered by the Republicans were completed at noon today. They show that the lowest Democratic elector in California is 1242 votes ahead of the highest on the Republican ticket, making the entire delegation for Wilson if certificates of election be not withheld.

## T. K. K. WILL BUY AND RUN HOTELS IN JAPAN PORTS

Passengers of Line Can Stay Over at No Extra Expense; Kobe-Hotel Deal Closed

The Toyo Kaisen Kaisha is going into the hotel business in Japan, as an adjunct to its monopoly of trans-Pacific passenger steamer service.

It was learned today from passengers on the Shinyo Maru, which arrived off port from Yokohama late yesterday and docked this morning, that negotiations are practically completed by which the T. K. K. will take over and operate under its own management the Oriental hotel in Kobe. It is also rumored in Japan, they say, that the steamship corporation intends to purchase the Oriental Palace hotel in Yokohama as well and manage it on the same basis.

According to the best information available in Japan the big Kobe hotel, which has not been a paying proposition in the last few years, will be run so, as to allow passengers of the Toyo Kisen Kaisha to stop over there at no additional expense. Kobe offices of the T. K. K. will be located on the ground floor of the hotel and the upper floors will be for guests. Offices of the T. K. ## JOHN F. COLBURN OUT AS MANAGER KAPIOLANI ESTATE.

Argument With Kuhio, President, Leads to Resignation of Veteran Officer

### REPORT HE WAS ASKED TO RESIGN IS VERIFIED

Situation Will Have No Bearing on Case Against Queen, Delegate Says

Following a heated argument with Delegate Kuhio in the offices of the organization yesterday, John F. Colburn resigned as manager and treasurer of the Kapiolani Estate, Ltd. The resignation has been accepted to take effect immediately. Colburn today began the removal of his effects from the offices of the estate.

Colburn's resignation was requested. Delegate Kuhio, president of the estate, admitted this to a representative of the Star-Bulletin today. He also admitted that there had been a rather warm argument between himself and Colburn yesterday morning. He referred but casually to this argument, however, saying "there was nothing to it."

Information received by the Star-Bulletin is that Colburn's resignation was demanded by Kuhio following the argument. The resignation was handed in early in the afternoon.

Asked today if he had had an argument with Kuhio, Colburn said "that may be so, but I have nothing to give you. My resignation has been accepted."

Colburn Says Ill Health

Colburn added that he had been in ill health for about a year, but that he was not contemplating leaving the islands. He has nothing in view, he said, regarding further business.

"Were you asked to resign?" Colburn was asked.

"I'm not obliged to answer that question," he replied.

Little surprise was expressed in business circles today when the news of Colburn's resignation became generally known. The opinion was expressed in some instances that a severance of Colburn's connection with the estate had been expected long before this.

There was some talk that the case brought by Kuhio against the trustees of the Liliuokalani Trust, in which it is sought to break the trust, would be discontinued as a result of Colburn's resignation.

Kuhio declared, however, that the resignation will have no bearing on the litigation.

Colburn has nothing to do with the case," the delegate said.

Expect Meeting Today

"No definite reasons for the asking of Colburn's resignation could be ascertained today. Kuhio declined to give any, saying he did not care to have them made public."

A meeting of the Kapiolani Estate will be held at 4 o'clock this afternoon at which time, the Star-Bulletin was informed, the appointment of a successor to Colburn will be discussed. Jesse W. Makinai, secretary of the estate, will assume Colburn's duties until his successor is named, the attorneys for the estate say.

Kuhio intends to leave for the mainland next Wednesday, and it was reported today that Colburn's successor may not be named until the delegate again visits Honolulu.

## AEGEAN SEA IS SCENE OF BIG WAR DISASTER

Mine or Torpedo Sends White Star Converted Liner to Bottom; 1106 Believed Rescued

### KING ALBERT OF BELGIUM PROTESTS DEPORTATION OF CONQUERED SUBJECTS

Sends Letters to Neutral Rulers Asking Action Be Taken: Day's Fighting on Many Fronts; Claims of Progress

(Associated Press by Federal Wireless.)  
LONDON, England, Nov. 22.—Sent to the bottom from some cause as yet unknown, but either a mine or a torpedo, the British hospital ship Britannic was sunk some time today in the Aegean sea.

Only the meagerest news by cable and wireless has come from the scene of disaster. Fifty of those aboard are known to have been lost. Twenty-eight others have been injured. There are reported to be 1106 survivors, from which it is conjectured that the Britannic was on her way to England with a shipload of injured from the Balkan battlefields.

The Britannic is the well-known White Star liner of that name, converted into a hospital ship and operated by the government. She has been in service through the Mediterranean and Aegean seas, to Saloniki and back to England.

According to the meager report above, the liner sent to the bottom in the Aegean sea is the largest British steamship, the 50,000-ton Britannic put into service only a few months ago.

The mammoth Britannic, second of that name, was built for the New York-Plymouth-Cherbourg-Southampton service. The first Britannic went out of commission in 1903.

The Britannic was 48,158 tons and 852 feet long. Built by Harland & Wolff, Belfast, 1915, and owned by the Oceanic Steam Navigation Company of Liverpool, which is a combination of the old White Star and Red Star lines. She was called the "Queen of the Ocean."
